EDINBURGH MONARCHS SPEEDWAY

AIR FENCE SPONSORSHIP

RAISING FUNDS FOR A WORLD-CLASS SAFETY FENCE

SPEEDWAY RACING IS a spectacular display of high-octane action with riders going wheel-to-wheel to take the win. Thrills and spills are inevitable in such an action-packed sport and it is vital that we do everything we can to protect the safety of competitors.

A crucial element in this is the provision of a suitable protective barrier to catch riders safely should they get in trouble. Monarchs first installed an air fence back in 2014 for this purpose which has done a terrific job ever since. Unfortunately these fences have a safe-use life and the current fence has reached the end of its useful life.

The Club has identified a new world-class barrier to ensure we can offer the very best in safety to our riders, however the challenge is now on to raise the funding required to have this in place for the new season in spring 2025.

The installation of the new fence is a requirement to ensure that the Monarchs

can continue to operate. This new fence presents a fantastic opportunity to local businesses to back the Club and advertise their brand on the fence. Please read on to find out full details about our Air Fence Sponsorship package and we would be delighted to hear from you.
